# Covers Available

## Public and Products Liability

Public Liability insures your legal liability to pay compensation to members of the public or club or association members if they are injured or their property is damaged as a result of an accident caused by you, your employees or members while acting on your behalf. Cover also includes financial loss resulting from trespass, obstruction or interference with any right of way, light, air or water.

Cover applies in the United Kingdom and any other member country of the European Union. It also applies elsewhere in the world in respect of employees or members who are temporarily abroad on your behalf.

Products Liability insures your legal liability to pay compensation to members of the public if they are injured or their property is damaged as a result of an accident caused by your products.

You may select the limit of indemnity.

There is also an option to include an extension for abuse cover. This extension insures your legal liability to pay compensation to members of the public or club or association members if they are abused by your employees or members while acting on your behalf.

The standard limit of indemnity for abuse is £1,000,000.

## Employers Liability (only available if you choose cover for Public and Products liability)

Insures your legal liability to pay compensation to employees if they are injured (this means bodily injury, death, disease, illness or shock) whilst working for you. Cover includes your costs and those of your employees.

The policy applies in the United Kingdom and anywhere in the world for employees who live in the United Kingdom and are working temporarily abroad. They must bring any claim in the United Kingdom or any member country of the European Union.

The standard limit of indemnity is £10,000,000.

## Directors and Officers Liability (only available if you choose cover for Public and Products liability)

Directors and Officers Liability insurance provides financial protection and therefore peace of mind for directors (which can include club or association officials) in terms of their personal liability when managing their company, club or association in their capacity as a director.

Smaller sized businesses can be just as vulnerable to claims as larger companies and as the directors of small private companies are subject to similar duties as listed companies.

Under the 1985 and 1989 Companies Acts directors and officers are exposed to over two hundred areas of statutory liability. This means that they can face unlimited personal liability for their actions and decisions on behalf of the company. Other legislation (e.g. Companies Act 2006) has further increased such liabilities.

Where a director or officer is alleged to have committed a wrongful act (any actual or alleged breach of duty, trust, neglect, error or omission) in performance of their duties they are exposed to potential liability.

A directors personal assets may be at risk if they are sued - claims can be brought by anyone with an interest in the affairs of the company: regulators, statutory authorities, shareholders, other directors, employees and in the case of insolvency, creditors, liquidators and administrators.

For small businesses, directors are often the sole or major director or shareholder and most will not have the resource to defend a claim which may put their business in jeopardy. Many directors incorrectly believe that they are protected by the limited liability status of their company.

Designed to meet the needs of small to medium sized UK businesses Allianz is one of the few leading insurers who offer Directors & Officers cover as part of a combined insurance policy.

Limits of Indemnity are available ranging from £250,000 to £2,000,000.
